# RESO MEMBERSHIP CLASSES

## Class A

The National Association of REALTORS® (NAR) is the exclusive Class A member. That membership entitles NAR to have:

- Two seats on the Board of Directors
- RESO Conference registration fees waived
- The right to approve the applicant pool for the Executive Director position

## Class B

If you are a Vendor Company, Here is what RESO membership offers to you:

- The ability to gain a competitive edge
- A voice in the standard-setting process
- The chance to steer the standard
- An opportunity to partner with your customers to find solutions

Any vendor, consultant, company or technology partner providing services to the real estate industry shall be eligible for Class B membership. Dues for Class B membership are based on the company's gross annual revenues:

REVENUE	DUES AMOUNT
\$25,000,000 and above	\$25,000
\$10,000,000-\$24,999,999	\$15,000
\$5,000,000-\$9,999,999	\$7,500
\$1,000,000-\$4,999,999	\$2,500
\$0-\$999,999	\$500

## Class C

If you are an MLS or Association Executive, Here is what RESO membership offers to you:

- An opportunity to increase the value proposition to your customers (members and business partners)
- Support for software vendors to create innovative applications for your members
- Representation as an MLS in the decision-making process on the standards that will drive the future
- The chance to be part of the standards making process to insure accurate property listing data and syndication
- The ability to increase your expertise and participation at the highest levels

Any REALTOR® association or multiple listing service is eligible for Class C membership. Dues for Class C membership are based on the number of active subscribers in the MLS or active Realtors in the Association:

MEMBERS	DUES
50,000+	\$20,000
25,000-49,999	\$15,000
10,000-24,999	\$7,500
2,000-10,000	\$2,500
1-1,999	\$500

## Class D

If you are a real estate Agent, Broker or Brokerage, Here is what RESO membership offers to you:

- The ability to join the standards community and be an insider
- The ability to demonstrate leadership by advocating data accuracy in property listings and syndication
- The chance to increase your expertise and participation at your MLS regarding data standards for property listings

Any real estate brokerage firm, real estate broker or real estate agent shall be eligible for Class D membership. Dues for Class D membership are based on the total number of licensees.

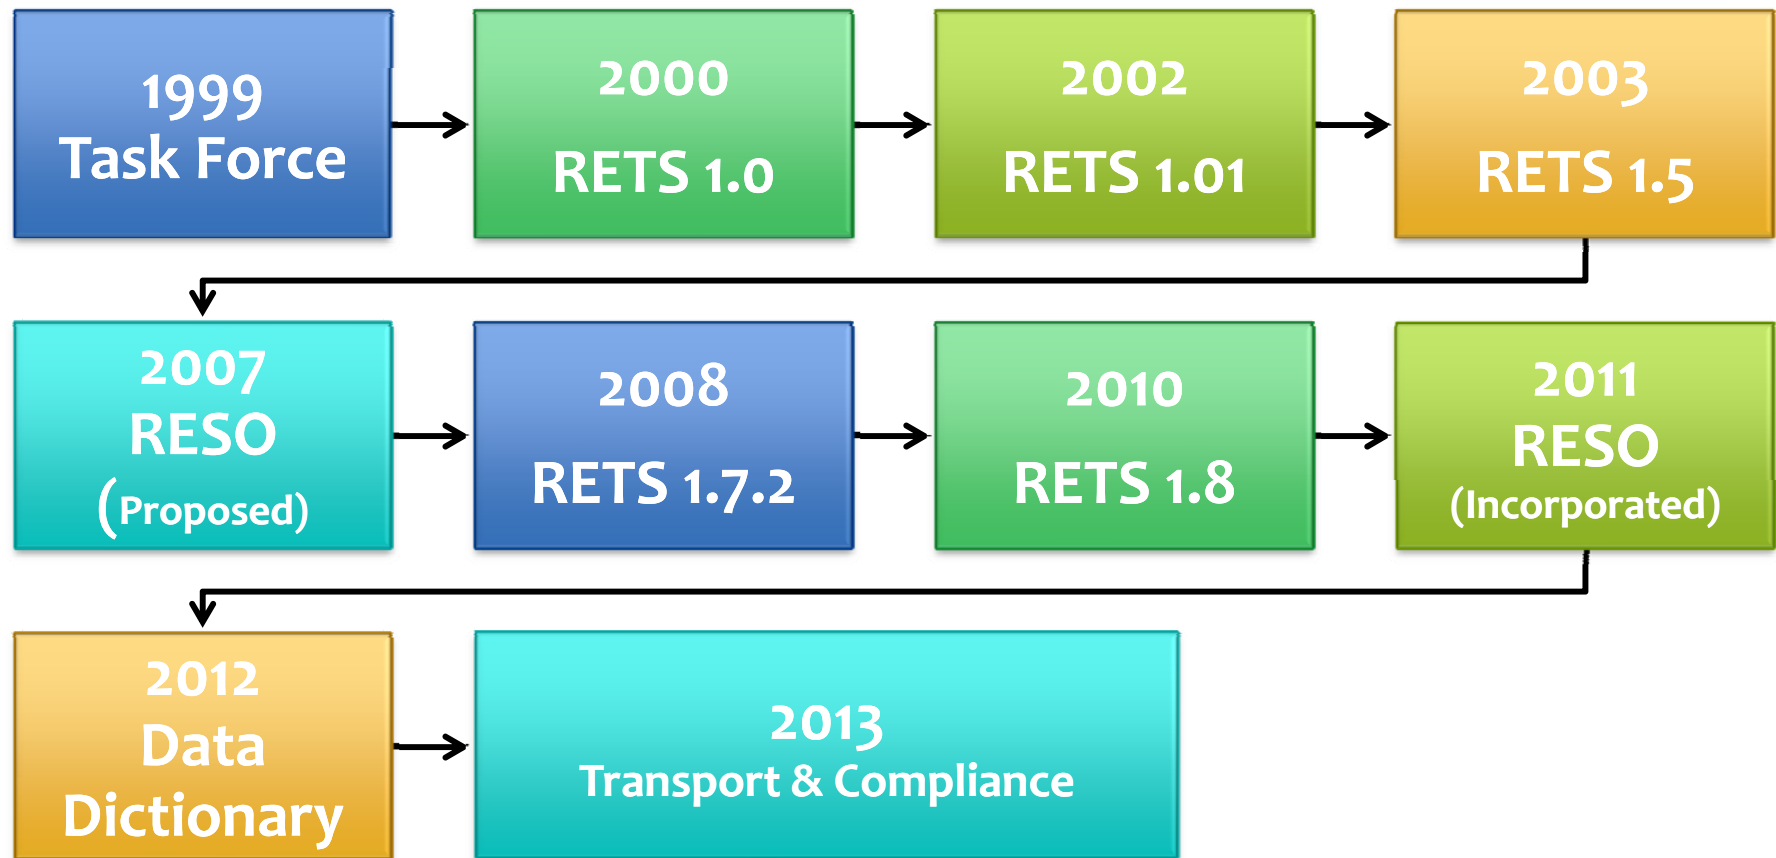

LICENSEES	DUES AMOUNT
50,000+	\$20,000
25,000-49,999	\$15,000
10,000-24,999	\$7,500
5,000-9,999	\$2,500
1-4,999	\$500

\* RESO renewals are handled on an anniversary calendar.

# 1999 to 2012

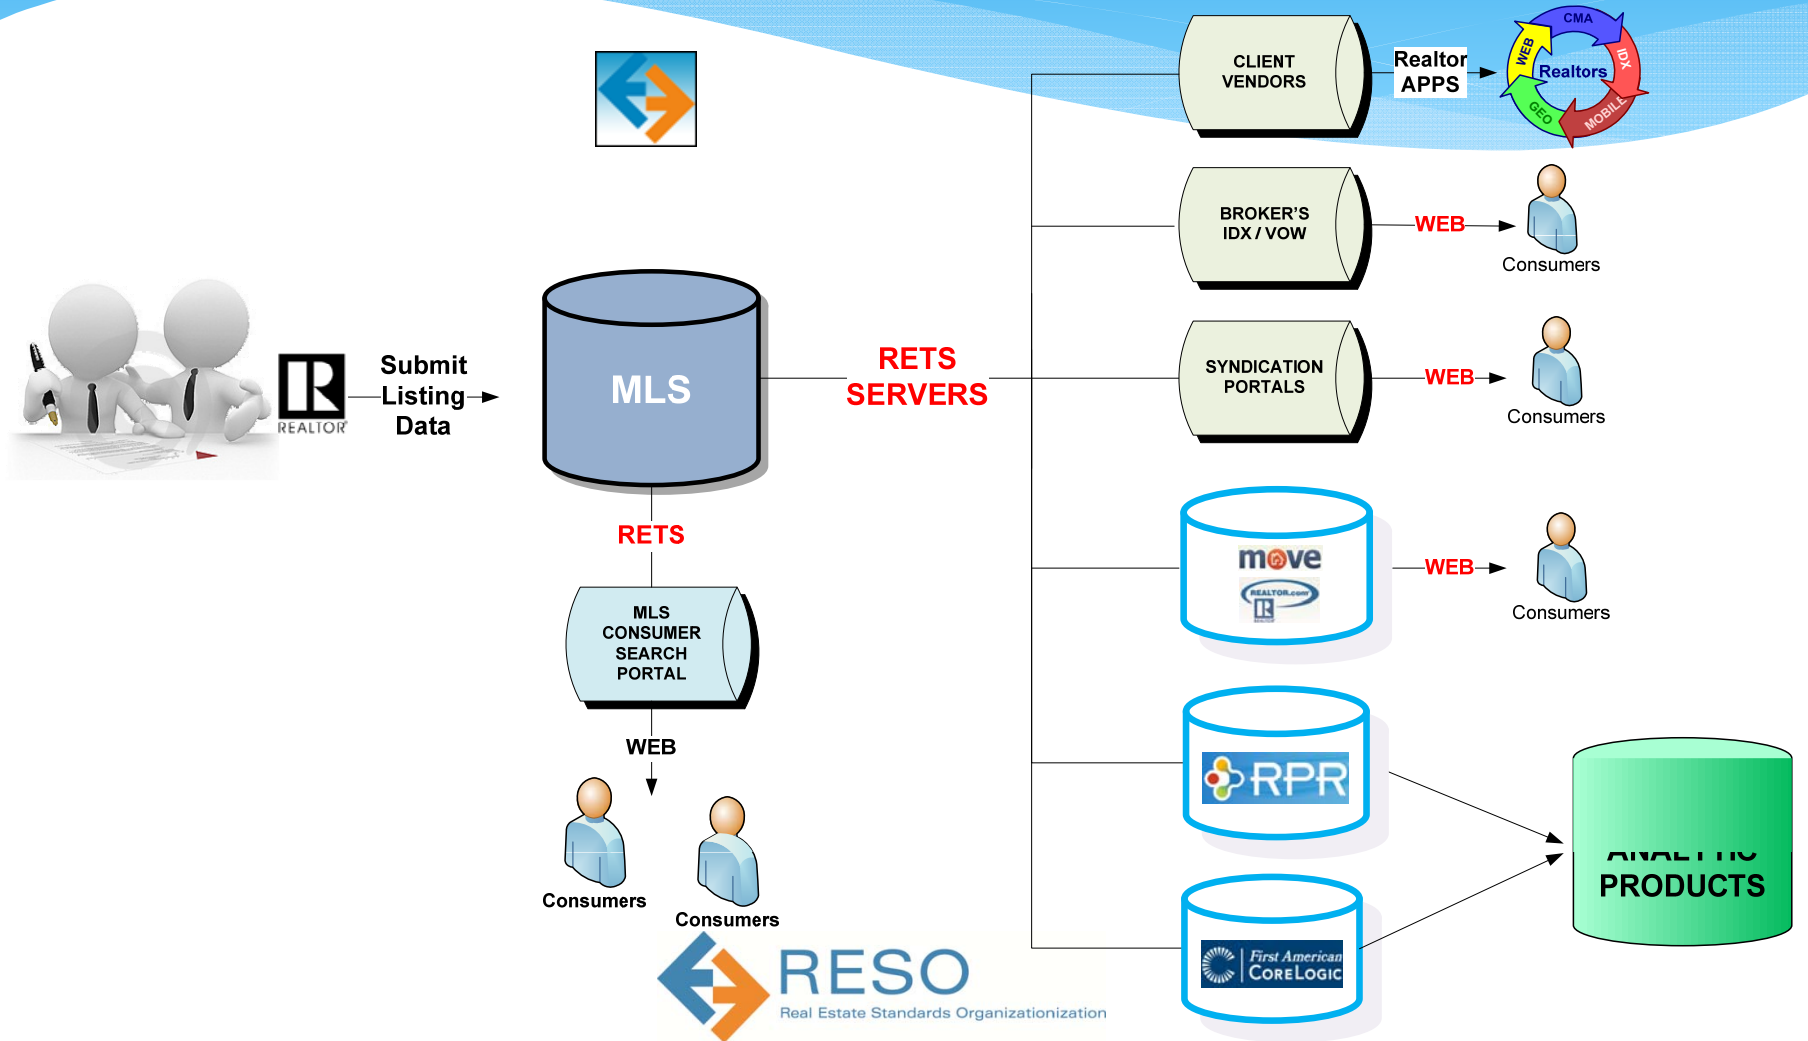

RETS workgroup began informal meetings to discuss data standards for MLS industry.

# The Task Force: 1999

<b>LARRY COLSON</b> Moore Data Management	<b>TONY SALVATI</b> Grant Thornton
<b>TOM CURTIS</b> Metro MLS	<b>ERROL SAMUELSON</b> RealSelect, Inc.

# Realtors & Consumers Will Embrace

# New Real Estate Apps

# Join RESO and Attend a RETS Conference

# Your Speakers Today

**Rob Overman**

**noshun software**

**Travis Wright**

**Executive Director, RESO**

- \* Technology direction up to 2012
- \* Technology direction 2013
- \* R&D Work Group
- \* Transport Work Group

# History of Technology vs Business

- \* RETS community was created as a Technology initiative.
  - \* RETS solved a Technical problem
  - \* Original Board of Directors was comprised of Business Sub Committee and Technology Sub Committee
  - \* Education and Outreach Work Group

# History of Technology vs Business

- \* New RESO shift to solving Business Problems
- \* Board configuration changes
- \* Old Sub Committees no longer valid
- \* 2012 Proposal for Technology Committee
  - \* Committee Chair – RESO Director
  - \* Comprised of Work Group Chairs and/or Vice-Chairs
  - \* Define WG Policies and Procedures
  - \* Review R&D Work Group Recommendations

---

Recommend Technology Initiatives to Board

# 2013 Technology Committee

- \* Current Focus/Responsibilities
  - \* Anticipate Technology Shifts
    - \* API
    - \* Big Data, Syndication
  - \* Foster and Encourage INNOVATION
  - \* Cross-Work Group Communication, Collaboration and Reuse

# 2013 Technology Committee

- \* Expand Scope of Thinking
  - \* Fluid Page Layouts
  - \* Web Sockets / Push
  - \* Mobile-only Applications

# 2013 Technology Committee

- \* RESO is MORE than just RETS
- \* *RESO Mission: Provide an environment for the development and implementation of data standards and processes that facilitate innovation, insure portability, eliminate redundancies and obtain maximum efficiencies for all parties*

# R&D Work Group

- \* Created in Feb, 2010
- \* *Mission: The purpose of the RESO Research & Development Workgroup is to solicit and review submitted **business cases** from the real estate community and identify how RESO can contribute to the benefit of that business process. The submitted cases will be reviewed with representatives from the impacted stakeholder groups to document specific goals and objectives. The resultant business case opportunity will then be submitted to the RESO BOD for approval and assignment.*

# R&D Work Group

- \* Core Composition: MLS Technology Leaders, Software Developers and Consultants
- \* Work Product
  - \* Business Case Evaluations
  - \* Stakeholder Support
  - \* Proposal Review and Benefit Analysis
    - \* Application Interoperability Work Group Proposal
  - \* Recommendations to Board and Work Groups
    - \* Whitepaper “Mobile Data Access Recommendations”

# R&D Work Group

- \* Getting Involved
  - \* All are welcome
  - \* Google Group – “RESO Research & Development”
  - \* <http://tinyurl.com/263klop>
  - \* Bi-Weekly Conference Calls
    - \* Next Call on Nov 15

# Transport Work Group

- \* Chartered 2012
- \* Chair – Scott Petronis, OnBoard Infomatics
- \* Transport is the movement of data from one computer to another.

# Transport Work Group

- \* The Problem
  - \* RETS 1.x Transport is old and inefficient
  - \* Steep Learning Curve
  - \* Sort of Proprietary
- \* The Solution
  - \* Take Advantage of Current Technology
  - \* New RESTful API
  - \* Shallow Learning Curve
  - \* Common in Web Development

# Transport Work Group

- \* Excellent Working Session in Sept
- \* Replicate vs Real-Time
- \* Build a Standardized API Document
- \* Merge API Efforts from Multiple MLS Vendors
- \* Focus on Simplicity and Usability
- \* Use OData, XML, JSON and other software industry standards

# Transport Work Group

- \* Next Steps
  - \* API submissions and review
  - \* Draft Specification (Q1 – Q2)
  - \* Security and Authentication

# Rob Sits Down

\* Thank you!

# Have a Great Conference!

Travis Wright
